

## Health Care

At SBM, we have earned a strong reputation in the health care market due to the quality of our designs and our attention to ever-changing requirements and regulations. We have developed long-term relationships with our health care clients so that every project we encounter is performed within the context of adjacent projects and infrastructure needs.

### Project Scopes

SBM's health care projects have ranged from minor suite renovations to new bed towers with construction costs in the \$100 million range. The SBM team has likely designed a system similar to the project that you are planning. Projects include:

Ambulatory Care

Assisted/Senior Living

Behavioral Health

Bed Towers

Cath Labs

Cancer Centers/Oncology

Central Plants/Equipment

CT Scanners

Hospice

Dialysis Centers

Endoscopy

Emergency Departments

Eye Clinics

Medical Office Buildings

MRIs

Neurology

Nurses Stations

Operating Rooms

Palliative Care

USP Pharmacies

Wound Care Centers

Hospital, health care, and research facilities typically represent up to 70% of SBM's annual workload. Our engineers keep up to date on the code requirements, technology, and specialized equipment for the market. All of our engineers are ICRA certified and are familiar with the special safety measures required when designing and physically working in patient care areas.

### Clients

SBM has experience with scores of health care systems in Ohio and neighboring states, including:

Aultman Health Foundation

Cabell Huntington Hospital

Children's Hospital Medical Center of Akron

Cleveland Clinic Foundation

Crystal Clinic Orthopaedic Center

Department of Veterans Affairs

Heartland Behavioral Health

King's Daughters Medical Center

Marshall Health

Mercy Health

New Vista Behavioral Health

Rainbow Babies and Children's Hospital

St. Elizabeth Health Center

Summa Health System

University Hospitals

Youngstown Osteopathic Hospital

### Next Steps

SBM is the ideal choice to design the systems for your next health care project. Contact us to discuss how we may assist you. We look forward to being a partner in the growth and development of your facility.
