

BIM MODELING SPECIALIST

SCHEESER BUCKLEY MAYFIELD LLC  
1540 Corporate Woods Parkway  
Uniontown, OH 44685  
330-526-2700 • sbmce.com

Scheeser Buckley Mayfield LLC is looking for a dynamic person to join the firm as a BIM Modeling Specialist. This role represents a skilled BIM software modeling expert having a solid understanding of mechanical, electrical, and plumbing systems.

#### Roles & Responsibilities

- Revit Modeling for mechanical, electrical, and plumbing disciplines.
- Work under direction of design professionals and BIM Manager.
- Ensure construction documents accuracy based on discipline Revit modeling.
- Collaborate and coordinate with other disciplines design-changes and model challenges.
- Adhere to Revit project workflow criteria.
- Follow Revit content standards and development procedures.
- May take the lead on developing some discipline-specific Revit modeling content for project.
- Print drawing sets for professional team and participate in discipline reviews.
- Prepare own discipline model and/or content for Revit coordination meetings.
- Ability to export DWF and other formats for collaboration internally and externally.
- High level of communication and good writing skills.
- Must be a team player.

#### Software Experience Requirements

- Revit MEP
- AutoCAD
- Proficient in Microsoft Office

This role provides a healthy medium for non-graduate professionals who are very skilled with understanding the technical aspects of MEP disciplines and/or junior graduate professionals who are gaining experience. There are multiple career paths that could be taken from this role from a growth perspective, potentially including BIM Manager.

Scheeser Buckley Mayfield LLC is a well-recognized and established mechanical, electrical, and civil engineering design firm in the greater Akron, Ohio area. This is an excellent opportunity to join a professional team in a growing company. Highly competitive compensation and benefits including 401K, major medical, vacation, and profit bonuses are provided.
